I mixed at 7-11.

Cars brand new
People arrive in groups
Anglo one where chain
of command is as clear
as it is in Japan.

Hispanic, where arguments
arise on the basis of
who made you god?

They resolved it, often
with laughter and embraces.
Amusing, but a alittle foreign.

Well, in conclusion,life
is good I see, as many others,
under Fascism. I have to
laugh. People getting overexercised.
